

**ADE**  
**A.A. 2023-2024**

TITLE ADE		Cardiac echocardiography			
PROF.		Celestino Sardu			
SCIENTIFIC DISCIPLINARY SECTOR (SSD)		MED/09			
GENERAL AND SPECIFIC OBJECTIVES  (MAX 500 CHARACTERS)		To individuate and describe the most important aspects of transthoracic echocardiography in healthy subjects and in patients with cardiac disease. Thus, we will propose the most commonly M-mode, dual-mode and Doppler techniques to explore the cardiac function in healthy subjects and in patients with cardiac diseases.
